Seale Residence

Client: Nina Alidenes
Architect: Development Design
Project: Leichhardt
Type: New Home
Completed: 2010

This brand new designer home offers the ultimate in contemporary comfort and sophisticated executive or family living. Stunning finishes, a free-flowing, light-filled layout and gorgeous alfresco areas make it a sensational space to entertain family and friends.

This home was designed to be sympathetic to the street scape but it truly reveals itself from the moment you walk through the front door.

Built around a sun-drenched interior courtyard, it accommodates separate living and dining spaces, a luxurious master suite with a dressing room, a generous dedicated office space, a fully integrated caesar stone gas kitchen and three beautifully appointed bathrooms.

This home has made the most out of a small site which ingenuity and clever plays on space and light
